MESSAGE FROM THE OLMF CHAIRMAN

Lawrence E. Moon
OLMF Chairman

Greetings Brothers,

I pray that all is well with you and your families and your new year is delivering the blessings you desired. The Omega Life Membership Foundation Board of Directors has been seriously at work addressing the 21st Century issues related to compliance.

We hosted a retreat centered on OLMF operating within the law. The second decade brought with it more complex regulations governing philanthropy. We have addressed them all. The Board has authorized a more creative interactive website to keep brothers more informed.

As we approach the Centennial Celebration, we give thanks for the opportunity to have become friends in the different “Omega” manner. Our Cardinal Principles have given us direction in a specific, meaningful way, improving the plight of our fellow man. The Founders of the Foundation went further adding the component of intentioned, organized significant financial support for those in need. Life Members made the decision to go further with Omega. We shared our treasure to establish an organization aligned with the goals and objectives of our Fraternity Founders.

We celebrate 27 years of charitable giving throughout the world that includes scholarships, leadership development grants, local mentorship programs, Haitian Relief, HBCU financial support, and support for the Fine Arts to name a few. Because of your desire to improve mankind we have served those less fortunate than ourselves in excess of \$2,300,000.00.

Brothers, I am appealing to your charitable spirit. Our world has changed significantly. Some economists say that this generation that follows us, is the first that less is expected of due to uncertainty in the world economy. Conversely most of us, “Baby Boomers” have experienced more financial success than any prior generation of our people in America. We are experiencing the greatest transfer of wealth in the history of our country and the world. I beg that you consider Omega Life Membership Foundation for your philanthropic endeavors. As the world assisted the Haitians, we had Brothers who used our Foundation as their vehicle to help them. We were specific that our donation went to direct services not administrative cost.

When you consider that a large percentage of our giving directly impacts the most underserved portion of our society, the African-American male; hopefully you agree that if organizations like ours do not step up we will continue to lose too many that we simply cannot afford losing.

At the Centennial Conclave, OLMF will make a major gift to Howard University commemorating what our Fraternity Founders accomplished in bringing Omega to the world 100 years ago. We are a 501(c)3 organization, so your charitable gifts to the Foundation receive the same tax relief as any other non-profit. The board of directors has put in place all necessary documentation to pass any scrutiny of how we receive and dispense gifts. You will receive IRS approved documentation for your gift in a timely manner. We encourage legacy gifts. The art of remembering the Foundation in your estate planning supports the continuance of our great work in perpetuity.

Continued on page 4 ...

Historically, we give to the Foundation one time, when we become members. We are asking that OLMF be considered when planning your philanthropic budget every year. I am not asking for your tithes, everything else is fair game. Many of us, are members of Rotary, Lions Club, Boule and other non-profits that may perform similar services. By virtue of our affiliation we have like desires in helping the less fortunate. I am pleased to say that every member of the Board of Directors of the Omega Life Membership Foundation has pledged to make a financial gift to the Foundation for fiscal year 2011-2012.

In closing, I look forward to seeing you all in Washington, D.C. this summer. The Board convenes Sunday, July 24th and will host the Annual Meeting and Luncheon, Tuesday, July 26th at the JW Marriott. When registration information is released, please respond in a timely manner. All indications suggest this will be our largest meeting ever. Our intent is for everyone to be well-served and content. We need your time and your treasure.

Sincerely,

Lawrence E. Moon

Brother Lawrence E. Moon

Chairman of the Board

OLMF establishes “The Life Members Journal”

On July 30, 2010, “The Life Members Journal” was established in an effort to support the goals and objectives of the Omega Life Membership Foundation, Inc.

Brother Michael Boykin, newly-elected Director At-Large, suggested a format for the publication and was appointed Public Relations Chairman by Brother Lawrence Moon, OLMF Chairman.

The Journal serves as an avenue for the dissemination of information to Life Members and from time to time, will feature articles and announcements about significant events pertaining to our Life Members.

The Journal will be published electronically and posted to the OLMF website (www.olmf.org) two times per year: March and September.

Initially, The Journal will be used to keep the membership abreast of strategic planning and new developments that might be established by the OLMF Board of Directors.

Brothers are encouraged to submit ideas and suggestions about the layout, content of The Journal or any areas of concern regarding the Life Membership Foundation. Emails may be sent to thelifemembersjournal@gmail.com.

Origin of the Life Membership Program

At the request of Grand Basileus Brother Herbert Tucker, National Executive Secretary Brother H. Carl Moultrie, Sr. recommended in his report to the 41st Grand Conclave in Atlanta, GA the institution of a Life Membership Program. This was the very beginning of the Life Membership Program in 1954. Today, there are over 6000 Life Members and the program continues to attract more men of Omega every year.

The Life Membership Program was eventually voted into law by the Grand Conclave of 1958 in Cleveland, OH. In those early days, the program had accomplished very little. There was always a fear that such a program would destroy the local chapters. But over the years, this proved to be false.

The program was revived under Grand Basileus Brother James S. Avery and chaired by Brother Walter "Crow" Riddick. Under Brother Riddick's leadership, the number of life members rose from 47 to almost 300. By the time Brother Riddick entered Omega Chapter in 1977, the number of life members had risen to 1000.

The Omega Life Membership Foundation, Inc. was established on September 7, 1984. It was chartered to aid organizations involved in charitable, educational, scholastic and scientific pursuits. Since its establishment, it has had tremendous growth and success and has been of significant benefit to those groups whose work it has been privileged to support.

There have been numerous young people, gifted in the performing arts, and in scholastic pursuits who were able to continue their progress, as a result of the generous, philanthropic work of the Foundation. It has supported a number of Uplift and Scholastic projects and initiatives started and endorsed by the Omega Psi Phi Fraternity, Inc.

The Articles of Incorporation were filed in the District of Columbia on September 8, 1984 and Amended Articles of Incorporation filed on March 14, 1985. The purposes for which the corporation is organized are to take, receive, acquire, own, have, and hold the life membership estate, assets, funds, principal, income monies, accounts, grants, donations, gifts and properties both real and personal, tangible and intangible, for such uses and purposes and with such powers, duties, and obligations as are set forth in the charter and corporate bylaws.

OLMF Donates \$10, 300 for Haitian Relief Efforts

Los Angeles, CA – The American Red Cross is one of the most widely known organizations working on relief efforts in Haiti. In similar fashion, The Omega Life Membership Foundation (OLMF) is equally known for uplifting the community through humanitarian efforts and substantial donations to approved charities.

On September 24, 2010 Brother Dyrren Davis, Treasurer OLMF, and Brother Ricky Lewis, Assistant Treasurer, met with Mr. Michael Kleiner, Director for Emergency & Disaster Response and Greg Cherry, Associate Director of Gifts, and presented a \$10,300 check to the American Red Cross on behalf of the Omega Life Membership Foundation. This generous gift was approved by a vote of the Board of Directors of the Omega Life Membership Foundation.

Brothers Davis and Lewis were received in the lobby and were treated to a tour of the entire facility. They met American Red Cross staff members along the way and learned a great deal about the rapid response operations. Part of the mission of the Red Cross is to be prepared and respond to any emergency throughout the world at a moments notice. The onsite emergency operations center allows for visibility and awareness of any emergencies happening in the Los Angeles and Southern California area.

The facility is equipped with emergency generators to provide continuous operations in case of a major earthquake or a fire. Brothers Davis and Lewis stressed to Mr. Kleiner and Mr. Cherry that the OLMF donation should be used to support the families and people of Haiti for food, medicine, or other items needed to rebuild the community and return the people of Haiti to greatness.

The Omega Life Membership Foundation, Incorporated is committed to helping others in time of need. The organization is fortunate to have members that embrace and support the leadership in carrying out the Foundation's mission.

Area Youth Honored at Clarence E. Lightner YMCA Achievers Banquet

“Remember the Titans” Coach Herman Boone served as Keynote Speaker

Raleigh, NC – On November 18, 2010, the Triangle celebrated one of its most celebrated leaders, Brother Mayor Clarence E. Lightner, by honoring 142 area teens who participate in the Clarence Lightner YMCA Achievers Program.

The banquet served as a benefit to continue programs of the Clarence E. Lightner YMCA Achievers, a leadership development program for area teens.

The keynote speaker was Brother Herman Boone, whose life was chronicled in the film “Remember the Titans.” Brother Boone coached the T.C. Williams High School football team when Alexandria, Virginia schools were integrated in 1971. He solidified a diverse coaching staff and led his team to win the state championship.

In July 2010, the YMCA of Triangle Y Achievers Program and the Clarence E. Lightner Youth Leadership Foundation joined forces to improve the futures of teens in the Raleigh-Durham, NC region.

The Lightner Foundation was founded to pay tribute to the life of Brother Clarence E. Lightner, the first and to date only African-American mayor of Raleigh. Brother Lightner also served as Former Chairman of the Omega Life Membership Foundation. In continuing his positive community efforts, the Clarence E. Lightner Leadership Endowment Fund was established to provide leadership development programs aimed at making a positive impact on youth throughout the Triangle region.

Black Achievers, the parent program of the Y Achievers Program, was founded in 1971 at the Harlem YMCA. Its purpose was to help teens develop a positive sense of self and to set high education and career goals.

The Omega Life Membership Foundation was a financial supporter of The Lightner banquet.
