### About The Cover

## 23rd Grand Basileus, Brother Herbert E. Tucker 1915 - 2007

Brother Tucker's tenure as Grand Basileus was dominated by increased intensity on social action and support of the ongoing civil rights struggle. The Fraternity approved numerous resolutions deploring mob violence and racial discrimination as well as support for the student "sit-in" demonstrations against lunch counter and restaurant discrimination. The Fraternity's Life-Membership program was launched during his tenure and the final payment was made on the national headquarters in Washington DC.

# Warren G. Lee Jr. 38th Grand Basileus

hank you for reading the inaugural edition of Omega's Clarion Call. This publication was created as a table-top resource for the Brotherhood to discover what chapters and members across Omega's footprint are doing to make a difference in the communities we serve. The Clarion Call, as its name suggest, is an appeal for people to do something worth recognition.

As 38th Grand Basileus of Omega Psi Phi Fraternity, Inc., I am asking one-and-all to rebuke mediocrity and to pursue greatness. This quarterly publication will highlight the "best practices" of chapters, and draw attention to the outstanding feats of talented individuals in our ranks. We hope this magazine will give the reader inspiration, motivation and a sense of pride.

Omega's Clarion Call will highlight the core of our foundation, our "Cardinal Principles." Manhood, Scholarship, Perseverance and Uplift shall lead Omega to the gates of greatness, but it is the work for which each of you do in the name of Omega, that makes her truly great.

Let the steadfast leadership of each chapter be the light that guides Omega and the spark that ignites the fire in each of our

lamps. That fire "shall burn for an eternity" through our services and through accomplishments as an organization and as individuals.

In our pursuit of greatness, it is imperative that we capture our steps as we move towards the stars. These steps epitomize who we are and what we represent. Omega's Clarion Call will serve as a historical doctrine for both the Brotherhood of now, and the Brotherhood of the future.

As Brother Colonel Charles Young made his journey from Wilberforce to D.C., he left his footprint in the sand, now it's time for you to leave yours. Let our greatness now be our future legacy. Omega's Clarion Call is calling your name. Are you ready to answer?

Fraternally,

Warren G. Lee Jr., 38 Grand Basileus

# Omega's Clarion Call

Omega's Clarion Call is the new name given to a publication concept the Fraternity has come to know and appreciate for many decades. Why the name change to Omega's Clarion Call? The name has had a rich history throughout the ages.

Wikipedia provides its purest definition. The online encyclopedia defines Clarion Call as, "a powerful request for action or an irresistible mandate. It derives from the cloud of a clarion, a medieval trumpet. It is frequently used in a religious context, and is the name of several Christian groups. It is also used in a political context, in that a politician issues a challenge for action from the public. In literature, it is a point in the plot where a character receives clear justification or incentive for his or her actions in the future of the plot."

The most famous example of a Clarion Call is when Joshua blew his horn to warn the nation of Israel that an account would have to be given for their actions just as Moses returned from the Mount with the Ten Commandments in hand. A challenge from Moses was subsequently given to the nation of Israel for the righteous to unashamedly identify themselves and come to GOD's side. The rest of the story is classic.

Bringing the clarion call philosophy to Omega is the vision of 38<sup>th</sup> Grand Basileus, Brother Warren G. Lee, Jr. Brother Lee is issuing a challenge to the Brothers of Omega Psi Phi Fraternity, Inc. to give an account of what we have done to show that we have kept the promises that were made at the moment we crossed the burning sands of Omega. He is also challenging all Brothers to show how they are making a difference in the lives of Black people.

### IN MEMORY OF BROTHER HERBERT E. TUCKER, 23<sup>RD</sup> GRAND BASILEUS

Brother Herbert E. Tucker Jr., who went from digging ditches to earn money for college to serving as the Fraternity's 23rd Grand Basileus, peacefully entered Omega Chapter on March 1, 2007. Brother Tucker died of respiratory failure in Martha's Vineyard Hospital. He was 91 years old. He will be remembered as a legendary and groundbreaking jurist, tireless civil rights champion and as a true and loyal son of Omega. "Brother Tucker was unquestionably one of the most outstanding of Omega men to ever lead our illustrious Fraternity," said Bro. James S. Avery Sr., the Fraternity's 28th Grand Basileus. "He was a true model of what our Founders desired when they founded our organization."

Born in Boston in 1915, Brother Tucker was the fourth of six children. His mother passed away when he was 11 years

old. His father lugged bags at a local train station and arranged for Brother Tucker to perform that line of work as well. However, Tucker wanted more and raised money for college and for his family by digging ditches for the Federal Works Progress Administration, working as a mail handler at a post office and later becoming a deputy collector for the Internal Revenue Service.

In 1935, Brother Tucker was initiated into the Fraternity through Gamma Chapter. Upon graduating from Northeastern University School of Law, he was admitted to the bar in 1947. In 1952, Brother

Tucker and Antonio Cardozo founded what they believed was the first black law firm in the state of Massachusetts. He and Mary Hill of Philadelphia married in 1937. The couple had two daughters, Gwendolyn and Gretchen. Beginning in 1950, Brother Tucker held offices with the National Association for the Advancement of Colored People, serving as president of the Boston branch from 1956 to 1960. Before that, he was the Fraternity's First District Representative, serving members in New England. In 1949, he was elected the Fraternity's second Grand Counselor. It was a position he held until 1953, when he was elected First Vice Grand Basileus. At the 41st Grand Conclave in 1955, Brother John F. Potts, who was the Fraternity's Grand Basileus at the time, placed Brother Tucker's name in nomination for Grand Basileus. He was elected to three terms as Grand Basileus without opposition. No other Grand Basileus had served that many times.

Brother Tucker's tenure as Grand Basileus was dominated by increased intensity on social action and support of the ongoing civil rights struggle. The Fraternity approved numerous resolutions deploring mob violence and racial discrimination as well as support for the student "sit-in" demonstrations against lunch counter and restaurant discrimination. The Fraternity's Life-Membership program was launched during his tenure and the final payment was made on the national headquarters in Washington DC. The Fraternity purchased a second life membership in the NAACP and more than \$30,000 was contributed to the group by chapters who also obtained life memberships.

Brother Avery, who served as Grand Basileus from 1970-1973, said he met Brother Tucker in 1956 and was immediately impressed with the forthright way he dealt with the issues faced in leading the Fraternity. "He made sure Omega was on the front line of racial concern in America," Brother Avery said. "In fact, my emphasis on the critical issues of poverty, housing, education and health when I was Grand

Basileus was greatly influenced by the many conversations I had with Brother Tucker," said Brother Avery. "I have the highest respect for him because he was a man of great integrity who gave you his thoughts with candid sincerity," he said.

Brother Tucker later became involved in politics, working on the U.S. Senate and presidential campaigns of John F. Kennedy. Brother Tucker and his wife attended one of JFK's inaugural balls in 1961. Later that year, Kennedy picked Brother Tucker to be an assistant attorney general in Massachusetts. Kennedy also appointed him to be his personal representative, with the rank of ambas-

sador, to the Republic of Gabon in Africa.

Brother Tucker's career as a jurist began in 1973, when he was appointed special justice in the Dorchester District Court. He later became an associate justice in that court and in 1980 became the presiding justice of the Edgartown District Court, where he remained until his retirement in 1985.

He joined the Aleppo Shriners and was the Worshipful Master of Mt. Zion No. 15, Prince Hall in Dorchester. He was also a lecturer at several universities, including Boston College, Boston University, Northeastern University and Harvard College. In addition to his wife and daughters, Brother Tucker leaves a granddaughter, a grandson, and two great-grandsons. "Brother Tucker honored us with his brilliant mind and his unwavering dedication to the purposes of Omega Psi Phi Fraternity, Inc.," Avery said. "It was our blessing to know him and respect him as a leader, a Brother and a friend."

# House Of Representative Majority Whip, Brother James Clyburn

By Brother Glenn Rice

Growing up in the segregated South, Brother James Clyburn had to overcome a number of tangible barriers and succeeded when others did not think he could. As a youth in South Carolina, a customer at his mother's beauty shop took him to task for saying that he had dreamed of one day going into

government and politics. It was unthinkable for a black child during that time to have such a thought.

As a student at South Carolina State College in Orangeburg, Brother Clyburn associated himself with the civil rights movement on campus. He was later jailed as the result of his involvement.

Brother Clyburn initially ran for office in 1970, running for the South Carolina legislature. He recalled going to bed on election night being a 500-vote winner and later waking to find that he was actually a 500-vote loser. A number of decades passed and at least three attempts were made before the former schoolteacher was finally elected by South Carolina voters as the first African American from South Carolina to be elected to Congress since Reconstruction in 1992 election.

When Democrats regained control of both houses of Congress, they unanimously elected Brother Clyburn Majority Whip, which is the third highest leadership post in the House of Representatives. At the age of 66, Brother Clyburn became the second African-American to reach that post after former Representative, William Gray of Pennsylvania.

Along the way, Brother Clyburn served as copresident of his House freshman class in 1992. Six years later, he was elected chair of the Congressional Black Caucus and garnered a seat on the important house Appropriations Committee. In 2002, he was

elected in a three-way race to serve as vice chair of House Democratic Caucus.

Brother Clyburn's ascent to Majority Whip was part of an emerging political power being realized by African-Americans in Congress. At least four African-American lawmakers serve as committee chairs in the House of Representatives and oversee several important subcommittees.

"This was a job that I am very prepared to do," he said. "To reach this level you have to have a great deal of perseverance, which is something all Omega men know about." It's Clyburn's job to maintain party unity and deliver votes on key issues. As tough and political as that job is; Clyburn said he is up for the task.

He helped garner Republican support on a number of Democratic sponsored resolutions including implementing the

recommendations from 9/11 Commission, increasing the federal minimum wage and funding research for ethanol and other alternative fuels. "Our goal is to make sure legislation has sustainability and ensure it has no negative impact on our community," Brother Clyburn said. "Whatever it does, legislation needs to be inclusive to the needs of the communities that we represent."

Brother Clyburn opposes Bush's plan to send additional U.S. troops to Iraq. "No war has taken a greater toll on America than the war in Iraq and it is all about oil," he said. "This nation's continued dependence on foreign oil is the driving our interest in the Middle East."

Brother Clyburn was initiated into Omega by way of Mu Alpha Chapter in 1967. As an active and financial member of Omicron Phi Chapter in Columbia, Brother Clyburn supports Grand Basileus, Brother Warren G. Lee's, dream that the Fraternity should continue to seek to make a difference in the lives of African-Americans.

# The Essential Role of the Keeper of Records and Seal

By: Brother Charles A. Bruce
Grand Keeper of Records and Seal
2006 – 2008

When Members of Omega Psi Phi Fraternity, Inc. decide to take up the challenge of leadership in the organization, the initial step is to identify a compatible elected position. The Keeper of Records and Seal position at the Chapter,

District and Grand Officer level has not been the first choice of many such aspirants. I encourage all of you to consider why that may or may not be true. My desire is not so much for the consideration, but that perhaps after giving that consideration, many more of you reading this article may decide that the KRS position is actually the position upon which you might decide to launch your leadership career.

The KRS position, at any level of our Fraternity, is not the principle or primary leadership position and it is certainly not the glamour spot in the organization. If we liken the Fraternity to

a football team, the KRS is not the quarterback. A much closer comparison can be drawn between the KRS and the holder for the field goal kicker. Please keep in mind that no holder has ever won a Heisman Trophy or been selected as MVP in a Super Bowl football game to date.

How essential is that holder (KRS) on the team? First, the holder must be prepared for the snap from center. The ball can come to the holder high, low, slow, fast and sometimes, off target. The kicker, the coach, the rest of the team and certainly the fans expect nothing less than the holder's best effort to make the proper adjustments when the kick is in play.

The paperwork that documents the essential business of the Fraternity, financial transactions, membership applications, correspondence, Meeting Minutes and forms to be sent to IHQ are all very much like the snap from center. They can come to the KRS in every manner imaginable and the KRS is expected to handle it. By the way, in regard to Meeting Minutes, no document exists that is more essential to maintaining a historical record in relation to what business did or did not happen within any given Fraternity meeting.

The efficiency and ultimate success of the Fraternity is directly related to the effectiveness of the KRS. The job is demanding. It can also be rewarding. The KRS position provides a perfect platform for a Brother to rise in the organization. Failure to perform in this role can be a death knell to his aspirations if the KRS is not regularly and routinely fulfilling his responsibilities. The Fraternity also has a responsibility to elect Brothers to the KRS position who present themselves at the right fit for the job.

This does not mean that we need to go to the bench for a new Grand KRS. The KRS, on all levels of the Fraternity, need your help to be successful. The Brotherhood must support the KRS in every way possible. Here are a number of ways in which the KRS can be helped:

- 1. Each Chapter Basileus must insist that his Chapter members comply with the Rules and Procedures of the Fraternity in regard to dues submission and providing all required information in a timely manner.
- 2. District Representatives must provide, encourage and fund KRS training sessions throughout their geographic areas of responsibility. This includes funding for DKRS attendance at Workshops provided by the International Office.
- 3. Incumbent KRS and DKRS Brothers must rigorously conform to the requirements of our transactional procedures, due dates, use of proper forms and systems, etc.
- **4.** Brothers must stick to the business of Omega at our formal meetings at the Chapter, District and Grand Conclave level.

The entity that is ultimately best served is our beloved Fraternity, Omega Psi Phi Fraternity, Inc. I believe we can take the KRS positions in our organization up a notch if we work together as a team with a focused snap from the center to the holder.

Long Live Omega Psi Phi!!

# 2007 International Undergraduate Summit

The 2007 International Undergraduate Summit began on Friday morning January 26<sup>th</sup> and January 27<sup>th</sup> at the Hilton Atlanta Airport Hotel. It began with the introduction of the former and current International Undergraduate Leadership in the Fraternity, Brother Dylan Bess (38<sup>th</sup> 2<sup>nd</sup> Vice Grand Basileus and Brother Adimuiyawa Bamiduro (37<sup>th</sup> 2<sup>nd</sup> Vice Grand Basileus) were acknowledge Being that the summit is an International event, it was originally modeled after large meetings such as the Leadership Conference and Grand Conclave. Formal introductions were indeed in order.

The three Undergraduate Representatives presided at the beginning of the meeting and proceeded with the planned agenda while the 2<sup>nd</sup> Vice Grand Basileus, Brother Brian S. Gundy, attended the Supreme Council on that Friday morning. The meeting began with the Restoring Bridges Session which included interactive dialogue with former Grand Basileus, Brother Dorsey Miller and the current Grand Basileus, Brother Warren G. Lee Jr. along with the Undergraduate Body. Both served as 2<sup>nd</sup> Vice Grand Basileus at one point in time in the Fraternity's history. The goal of the session was

to assist undergraduate Brothers in the Fraternity to come to grips with the reality that one day, the collegiate life would conclude and the professional life would begin as a graduated Brother. It can be difficult, sometimes, to imagine Grand Basili as Undergraduates; however, younger Brothers must keep in mind that these Grand officers were once Undergraduates.

At the conclusion of this Undergraduate Summit, the 39<sup>th</sup> 2<sup>nd</sup> Vice Grand Basileus, Brother Brian S. Gundy, joined the undergraduates for informal discussions. He shared with the Brothers that the Supreme Council had passed an amendment to the current criteria for eligibility for initiation: 1½ years of college completed, 36 hours (12+12+12). Once informed, the Undergraduate Brothers rose to there feet in a standing ovation of support for the amendment, as this was initially an issue of great concern to Undergraduate Brothers.

Brother Gundy also discussed the proposal of the Supreme Council to revert to the Lampados Club, as opposed to the current Membership Selection Process. The proposal and its implementation are to be considered by the Fraternity at the upcoming 2008 Grand Conclave. A power-point presentation was subsequently provided in hopes of conveying to the Undergraduate Brothers to KEEP GOD FIRST IN OMEGA!

Brother Gundy's rationale for the presentation focused on keeping GOD first in all that we do. As the day continued, sessions for Protocol, Health (Issues that affect Black Men) and Liability were held.

At the conclusion of the day, the Undergraduate Brothers were directed to transport themselves over to the International Headquarters to experience the Omega John Williams Museum sponsored by the City of Raleigh in conjunction with their petition for the 2010 Grand Conclave. Our 1st Vice Grand Basileus, Brother Carl Blunt and IHQ Undergraduate

Development Officer, Lewis Anderson are primarily responsible for making this concept a reality. Undergraduate Brothers were able to tour IHQ in rooms designated for the Museum containing Col Young artifacts, a picture of all former Grand Basili, and Fraternity memorabilia. All attending Undergraduate Brothers were able to take pictures with Grand Basili as well as receive autographs from historic fraternal figures in person. The City of Raleigh Conventions Bureau also held a seminar on Col. Charles Young of which was held in the Auditorium of IHQ. The first annual 2<sup>nd</sup> Vice Grand Basileus Reception was subsequently held in the Grand Ballroom of the Hotel.

The Summit reconvened at 9 am on Saturday morning. Sessions were also held on Membership by Brother Keith Neal, Chapter Operations and on Chapter Advisors by Brother Curtis Baylor and Brother Russell Leday. The final session of the Summit was an intimate look at the Fraternity's history and ritualistic information conducted by Grand Chaplain, Brother Farrell Duncombe and IHQ Undergraduate Development Officer, Brother Lewis Anderson. Brothers not only had an opportunity to see pictures of charter lines from the past of different Undergraduate Chapters of which they were now a part of, but to also learn protocol.

The 2007 International Undergraduate Summit of Omega Psi Phi Fraternity Inc. was a complete success. Record-breaking registration numbers were met with at least 507 free preregistrants and over 600 Brothers in attendance. Brother Gundy continues to stress to all Undergraduate Brothers that there must be a change in the way Undergraduate Brothers think and act if they are to carry out the founder's vision today and into the future. Being accountable and equipping one's self with the necessary tools to lead Omega into the future remains paramount.

# Brother Troy Moore Managing Editor of Omega's Clarion Call

I greet you with fraternal appreciation of the commitment to the Fraternity that I have seen in the articles submitted from chapters from around the world. I am humbled by the diversity and complexity of our Brotherhood. We are truly a multi-faceted organization with unlimited talent and means.

At this time, a formal introduction is at hand. I am Troy Moore, Managing Editor of Omega's Clarion Call.

I was born and raised in Shreveport, LA and I am the youngest of six sons. I attended Fair Park High School where I initially developed an interest in writing and enjoyed my first shot at being published thanks to a very influential English teacher. That same English teacher convinced me to spend my entire senior year as part of a Sunday morning radio program for high school students in Caddo Parish. This radio program was featured on a local radio station in Shreveport, LA named KOKA. I later graduated from Fair Park High School in 1981.

I attended Northeast Louisiana University from 1981 to 1985. I served a number of years as a Senator on the Student Government Association. I also auditioned for and was selected as part of the coveted "Prep Staff" (Freshmen Student Orientation Staff) and "NLU 31" (Alumni Service Organization). Selection of both was based on faculty recommendation, grades, student body input and three days of intense faculty and Dean of Student Affairs interviews. At least 300 hundred apply for both. Only 15 are selected for Prep Staff and only 31 are selected for NLU 31 (31 most popular students on campus). Prep Staff and NLU 31 shaped the foundation of my writing life.

My writing skills were fully realized with Prep Staff. I wrote skits, short dramas and songs. I was part of a virtual "Saturday Night Live" writing team. I also enjoyed acting and singing in those skits and short dramas. I once planned to pursue a semi-professional acting career, but now limit my acting to church dramas.

NLU 31 introduced me to wealthy and capable alumni who taught me the value of power marketing and public relations skills. This included technical writing and hands on commnication with the local media in Monroe, LA, the student population and the general public.

I crossed the burning sands of Omega on May 18, 1984 by way of Mu Tau Chapter and was #6 on the line, "Eight is Enough."

Although my line Brothers called me "Cha Mo," my

line name is "Top Dog." I was also part of Mu Lambda Chapter on campus. I have a Bachelor's degree in History with a minor in English Literature and Technical Writing.

I moved to the Dallas, TX area in 1985 and joined Theta Alpha Chapter in 1996. I have served at least two terms as Chapter Editor. Over a four-year period, I received two District Scrapbook awards as well as one National Scrapbook award. My most prized accomplishment in this position was my monthly newsletter, "Theta Alpha Monthly." It served as a model for the 9<sup>th</sup>

District newsletter which continues to get better each year. I have also written submissions on behalf of Theta Alpha Chapter for a number of District award candidates all of which have been successful. Those awards iclude Ninth District Chapter of the year, Omega Man of the Year (twice), Citizen of the Year and District Service Award.

On the International level, I have served under two Grand Basilei as an assistant International photographer. I have also been a contributing feature writer to the Oracle.

My professional background has been in the insurance claims industry for over 20 years. I have worked in management and as a marketer to risk management companies. I continue to perform in these roles. I have also simultaneously owned a successful business, TM & DM, Inc., dba Williams Chicken, a franchised fast food restaurant.

I am a recently divorced single parent of two children, Lauren and Candis. Both live with me and are the joy of my life.

### 2007 Omega Psi Phi Leadership Conference

Welcome,

The Omega Psi Phi 2007 Leadership Conference is being sponsored by the Omega Psi Phi Fraternity, Inc, in cooperation with the Omega Development Corporation, and Mu Omega Chapter of Philadelphia. It is only fitting that the "City of Brotherly Love" is the backdrop for this years Leadership Conference. Al Junius, the local chapter Basileus has put together a very strong team to make sure that everyone will be taken care of in true "brotherly" fashion, while in Philly.

A tremendous agenda "loaded" with speakers, who have made their mark in history, will be joined with other successful presenters to provide information and "Uplift" to those in attendance. Also a varied and entertaining package is available for the wives/sweethearts and other family members who wont be attending the sessions.

Since the Omega Leadership Conference is being held concurrently with the famous King "Tut" exhibit and the Philadelphia "Greek Weekend", there will not be a "dull moment" for those that want to experience the city and surrounding area's during the extended weekend. Additionally included in this year's planning is a Thursday afternoon golf tournament and special Friday night entertainment. All are encouraged to participate in the various activities that will be held throughout the city both day and night on Saturday.

On behalf of the Omega Psi Phi Fraternity, Inc. and the Omega Development Corporation, I want to thank Al Junius and the members of Mu Omega Chapter for hosting the 2007 Leadership Conference. # Omega Salutes Its Sons in the United States Military

The United States military was one of the first sectors of American society where equality of the races was found to be in the country's best interest. African-American men and women have had an undeniable influence in the military for many years and currently hold one third of all positions. Omega has contributed profoundly to this undeniable influence. Omega's Clarion Call salutes the Brothers of Omega who have served with honor and distinction.

"Once let the black man get upon his person the brass letters, U.S., let him get an eagle on his button, and a musket on his shoulder and bullets in his pockets, and there is no power on earth which can deny that he has earned the right to citizenship in the United States."

-Frederick Douglass

Black Men Can Fly
The Story Of Brother George S. Lima

Brother George S. Lima's story spans 86 years from New England to Harlem, NY to the Deep South. He has faced poverty, prejudice, adversity and ignorance. Through it all, he has maintained a love for life with dignity and undying perseverance. Brother Lima became an aviator and Tuskegee Airman when it was thought that Black men couldn't fly.

Brother Lima is the CEO and President of the **BlackAir Foundation** which is a newly formed **501C3 non-profit organization**, incorporated in the state of Rhode Island, that is dedicated to empowering minority youth through education and training. His remarkable experiences as a Tuskegee Airmen recently came to the attention of the public in the documentary **Black Men Can Fly**. Building on this theme, flight symbolizes a youth's opportunity to advance socially and economically. "Air is more than just the space around us, but the medium or media through which we communicate." said Brother Lima.

He wants it to be known that not just Black men, but "Black kids can fly," too! The thrust of the BlackAir Foundation is to empower minority youth. As such, the vision for the Foundation includes training opportunities for youth in the fields of aviation, radio, television and filmmaking.

The mission of BlackAir Foundation is to create a consortium of organizations and individuals committed to developing education and training activities in Black and minority communities. The Foundation also seeks to improve communication within the Black and other minority communities.

BlackAir Foundation's goals and objectives are to:

- Introduce Black and minority children to aviation
- -Introduce Black and minority children to filmmaking, radio and television production
- -Disseminate Mental Health information to Black and minority families, in particular parents

To meet these goals, BlackAir Foundation has developed the following programming:

\*Lambert/Lima Flying Squadron—introduces youth to aviation as a career choice, and involves rides in a Diamond Star 4-passenger airplane.

\*Filmmaking—expose youth to the methods used to create documentaries. Some assignments will involve family members. This program has the potential to position Blacks and minorities at the forefront of the film industry developing in Rhode Island.

\*Radio and Television—provides youth orientation to the methods of the industry; family members will also be involved in specific projects.

### Pi Omega Chapter Men in #555 Parachute Infantry Association, Inc.

By Brother John Scott

**Baltimore, MD-**In 1943, the United States was involved in World War II and the military was rigidly segregated. Requests were made and approved to give the Black soldier an opportunity to qualify for such specialty units as the paratroopers. Twenty screened volunteers were selected to undergo the training and became known as the test platoon. Sixteen completed the training and received the silver wings of a paratrooper. They also became the nucleus of the 555th Parachute Infantry Battalion, which became known as the Triple Nickels. Soon after, Black soldiers throughout the Army volunteered to be trained as paratroopers and were assigned to the 555th Parachute Infantry Battalion.

In 1947, President Harry S. Truman issued a presidential proclamation directing the Armed Forces to integrate their personnel. In December of 1947, the 555<sup>th</sup> Parachute Infantry Battalion was deactivated and assigned to the 82<sup>nd</sup> Airborne Division. After this, the Black paratrooper could receive an assignment into other integrated airborne units.

In 1978, the men who served in the 555th met in Washington D.C. to organize a reunion of former members of the organization. They established a constitution and became incorporated as the 555th Parachute Infantry Association. It was decided that all who qualified as military paratroopers be eligible for membership. Presently, there is a national office with 26 chapters across the United States made up of former military paratroopers. A national conference is held in various locations across the country each year.

A Chapter in Baltimore of 18 ex-paratroopers includes Brother John Scott of Pi Omega Chapter who served for 2 years in the 82<sup>nd</sup> Airborne

Division in the 1950's and Brother Darren Parnell, also of Pi Omega Chapter. The Baltimore Chapter participates annually in various veteran activities, has awarded scholarships to high school graduates enrolled in JROTC programs, and contributes annually to the Afro-American Newspaper's Mrs. Santa Program.

The story of the Triple Nickels is a newly told chapter in military and black social history. Without a doubt, the courage and competency of these members paved the way for the integrated military and civilian societies that all Americans enjoy today. The 555th Parachute Infantry Association, Inc. was formed as a vehicle designed to pay homage to those paratroopers who preceded us to maintain their memory by doing good works for the society in which we live.

Jones Sr., has received the Meritorious Service Medal with two oak-leaf clusters, Army Commendation Medal with One Oak-leaf Cluster, Army Reserve Components Achievement Medal with two Oak-leaf Clusters, National Defense Service Medal, Army Service Ribbon and Army Reserve Components Overseas Training Ribbon.

It is this skill-set and leadership ability that

impressed the 38th Grand Basileus, Brother Warren G. Lee Jr., to appoint Brother Jones to the position of Chairman of the International Community and Civic Affairs Committee.

The Committee selects the Omega Man of the Year and a Citizen of the Year and Undergraduate and Graduate Chapters of the Year. The Committee also prepares a high school achievement activity and establishes a National Achievement Week Program.

Brother Jones is the Immediate Past Basileus of Zeta Omega Chapter in Cleveland, OH. The Chapter is the oldest and largest chapter in Ohio and West Virginia. Brother Kenneth L. Hale Receives NAACP Military Award Xi Alpha Chapter

Charleston, WV-Brother Air Guard Major Kenneth L. Hale received the Roy L. Wilkins Renown Service Award from the NAACP on July 18 2006 at the group's 31st Annual Armed

Services and Veterans Affairs Awards Dinner in Washington, D.C.

Brother Hale was the only Air Guard member to receive the award for 2006. He represented West Virginia's 2,300 Air Guard members and more than 105,000 airmen nationwide. The award recognizes distinguished military members who have contributed to military equal opportunity policies and programs.

"This was a mountaintop experience for me, but once you've gotten the spiritual revelation you understand that there is still plenty of work to do and a long road to haul," Brother Hale said. "But I look forward to those challenges."

Brother Major Hale serves as the Labor Relations and State Equal Employment Manager for the National Guard. He provides advice to Adjutant General Allen Tackett on matters relating to diversity, workplace training, and the military-civilian collective bargaining agreement.

Brother Hale's work in the community is what inspired Brig. Gen. Terry Butler, commander of the state's Air Guard, to nominate Hale for the award. "Kenny is involved in many things that make a real difference in his community," Butler said. "He's coached little league football for more than 20 years, he volunteers as an assistant basketball coach at a local middle school, he works with the Black Ministerial Alliance on social issues and the list goes on and on."

Family is also important to Brother Hale. He is the father of seven children. Brother Hale credits his work ethic and desire to make a difference in the world to his late father, Edward. "He is most definitely the reason I've done the things I've done," Hale said. "I'm happy to carry on the torch so that others may have the same chances for success that I've had."

Edward Hale was a member of the Tuskegee Airmen, a group of dedicated young black men

who enlisted at a time when many thought black men lacked the skill and intelligence to be military aviators. History debunked this myth, and men like Hale's father became known as pioneers in the fight for freedom – against the Axis powers overseas and against racism and prejudice at home.

According to Brother Hale, the Buffalo Soldiers and Tuskegee Airmen were trail blazers in the fight for equal rights in the military and true African-American patriots. "It makes me very proud to know that I stand on the shoulders of those who've gone before me," he said.

Brother Hale is among a distinguished group of military members to receive the Wilkins award

### **Donate for the Soldier's Community**

By Brother Troy T. Collins.

Fort Hood, TX- On Saturday, June 3, 2006, the Men of Omicron Pi Chapter discovered an innovative approach to assist with the shortage of blood throughout the Central Texas Area during its Annual Dr. Charles R. Drew Blood Drive. Countless months, weeks and days were sacrificed in order to collect more than 353 Units of blood this year. Committee Chairman, Brother Joseph Graham was able to coordinate a coalition of supporters from the Robertson Blood Center and Scott & White Hospital Blood Center. This was the first joint blood drive in the Killeen, Temple and Copperas Cove Area. The blood drive was a three phase initiative that unfolded superbly as family members, fellow soldiers, citizens, and many Omega Men gathered at one of many locations to donate to one of God's greatest gifts, "LIFE."

The goal was to collect blood to support Soldiers fighting in the Global War on Terrorism in Iraq/Afghanistan, and patients that live here in the community. The Central Texas Community has been the backbone for many Soldiers that provide tireless support to the nation's calling. Brother Graham stated, "This was a great accomplishment for our community. Our health service professionals displayed a wealth of knowledge in order to conduct an event of this magnitude. This was probably one of the greatest blood drives in the State of Texas. I know that Dr. Drew would be proud of how our great community came together under one canvas-for one life."

Mu Omega Names Legendary Brother "Tick" Coleman Man of the Year By Brother Andre Bright

**Philadelphia, PA-**The Brothers of Mu Omega Chapter named Brother Frank "Tick" Coleman as *Mu Omega Chapter's Man of the Year* during a program that concluded its observance of National Achievement Week

The program was held at Grace Baptist Church of Germantown, PA on November 19<sup>th</sup> and was the conclusion of a week long series of activities held by the Chapter to celebrate Achievement Week. Brother Coleman's selection as *Man of the Year* came as little surprise to those who know the level of commitment and dedication to Omega he has shown. Some of Brother Coleman's life long accomplishments include:

- 1. He was the first black high school quarterback in the Philadelphia Public League and led Central High School to a City Championship in 1929.
- 2. He was initiated into Omega by way of Beta Chapter at Lincoln University in 1932.
- 3. He was one of the first African-Americans to achieve Eagle Scout status in the Boy Scouts and he is currently the oldest living Eagle Scout.

"Brother Frank 'Tick' Coleman is not only an Omega legacy, but a Philadelphia legacy as well," said Brother Allan W. Junius, Basileus of Mu Omega Chapter. "His lifetime achievements began in grade school and continue through today. "The challenges he faced in his life have allowed many of us to walk through doors that were once closed to our people," continued Brother Junius. Brother Coleman's love of education made it possible for hundreds of men to achieve academic success.

Through his efforts, Brother Coleman helped to make a college education a reality for hundreds of black men throughout the Philadelphia area. He oversaw the progress of the young men he helped send to Lincoln University and helped finance their education through scholarships that he funded. You would be hard pressed to find a graduate of Lincoln University whose life was not touched in some way by Brother Coleman.

After the ceremonies, Brother Coleman was surrounded and congratulated by many Brothers who wanted an opportunity to take a picture with him and to shake the hand of a Brother who represents so much history with Omega. When

asked to describe what Brother Coleman means to Mu Omega Chapter, Brother Junius said, "he has set an extraordinary example of Perseverance and Uplift through his career achievements. He is truly an inspiration for all who have had an opportunity to be graced by his presence and have been afforded the occasion to sit in his wise counsel."

Submitted by Brother Andre Bright

Philadelphia, PA-The Achievement Week program began in 1920 as Negro History and Literature Week by Brother Dr. Carter G. Woodsonwho is considered by many as the father of Black His-

tory. The name was changed to National Negro Achievement Week in 1925 and was the primary means of recognizing the importance of Black history. In 1948, the program changed to its current name, National Achievement Week. What began in 1920 as a call by Brother Carter G. Woodson to recognize and honor Negro history and achievement now serves as the catalyst for Omega Psi Phi Fraternity, Inc.'s National Achievement Week program.

On November 19, 2006, Mu Omega's Achieve-

ment Week observance was held at the Grace Baptist Church of Germantown, PA. The keynote address was delivered by Mu Omega Chapter's Brother Rev. Dr. G. Daniel Jones who serves as Senior Pastor. Chaired by Brother Martin J. Whitaker, the program sought to recognize members of Mu Omega Chapter and citizens of the Delaware Valley area who have made a substantial contribution to the lives of individuals both locally and nationally.

The program came at the end of a series of week long events held by Mu Omega Chapter to

help foster awareness of the contribution of African-Americans. The honowere: rees Dr. Charles Blockson (Mu Omega Citizen of the Year) for his work to help preserve

Rockland Ques Host Jazz Brunch
By Brothers Scott Watson & Dennis
McGloster

**Pomona, NY** – Great jazz, delicious food, generous libations, a cool venue, beautiful and enthusiastic patrons, and a thoroughly immersed group of Omega men was winning combination! That's an apt description of the first annual Jazz Brunch sponsored by Xi Lambda Lambda Chapter of Rockland County, NY on Sunday, February 18, 2007.

The brainchild of Brother T. Edward McBride, Jr., a committee consisting of Brothers Gerald "Billy" Inman, David Smith, Sr. and Dennis McGloster, this overwhelmingly successful event was the product of this 3-year-old chapter located across the Hudson River from Westchester County in the New York City Metropolitan area.

The Jazz Brunch truly reflected Black and Omega economic empowerment. The event, which drew an intergenerational crowd from New Jer-

sey, New York City, Rockland and Westchester Counties and Connecticut was held at Our Place Sports Bar & Restaurant in Spring Valley, NY. Our Place is a business venture of local entrepreneur and Xi Lambda Lambda Chapter founder, Brother David Smith, Sr. Our Place was converted into an intimate, New York-style jazz club with stage and a bar. It accommodated a packed house who listened to the smooth jazz of Stella Marrs and the Joe Tracinda Trio. Patrons were treated to a complimentary drink, a choice of champagne, a Bloody Mary or a Mimosa. They were also treated to a mouth-watering menu of breakfast and lunch items.

The patrons also enjoyed a Chinese auction in which various theme related baskets were raffled off in a comedic and entertaining manner by Brother Gerald Inman. These elegant baskets consisted of Victoria's Secret items, courtside New York Knicks tickets and expensive cigars. They were assembled by Sandy McGloster (wife of Basileus, Brother Dennis McGloster), Annette McBride (wife of KRS, Brother T. Edward Mc-Bride, Jr.) and Deborah Inman (wife of Chaplain, Brother Gerald Inman). As a gesture of appreciation, Stella Marrs, featured artist and activist in the Rockland County African American community, was given a bouquet of flowers along with Sandy McGloster for their efforts in making this event a success. In addition we were delighted by the special impromptu performance of patron Charles Nelson, formerly of The Drifters, who was called to the stage and got a rousing response from the crowd for his rendition of "Fly Me to the Moon." He was accompanied by the Joe Tracinda Trio. Truly a good time was had by all! The Chapter looks forward to making this an annual event. It is hoped that it will be one of many to serve the people of Rockland County with quality social and community outreach activities.

The event was a huge financial success with ticket sales well over \$6,000.00. The proceeds from the event will be used to support many of Xi Lambda Lambda Chapter's programs to include our SAT prep course for local area high school juniors and our quarterly financial seminar series which teaches financial literacy to adults and teens alike in the local community. Funds will also be contributed to our newly-established Rockland Omega Academy which is a mentoring program for African American/Latino middle school boys.

#### 2006 Walk for Diabetes: Mu Nu Again Exceeds Fundraising Goal

By: Brother Troy K. Manigault

Montgomery County, Maryland- Mu Nu Chapter participated in the annual American Diabetes Association's Walk for Diabetes on November 4, 2006 in Washington, D.C. The Social Action Chairman, Brother Dante Mayo (Mu Nu Chapter, 2005, Montgomery County, MD) returned to lead the event planning.

The fund raising effort again exceeded Mu Nu Chapter's goal. The goals for 2004 and 2005 were humble targets which were easily reached. However; Mu Nu Chapter sought to raise \$2500.00 in 2006 after having raised just over \$2,000.00 in 2005. Through dogged determination of the Brothers, receipts totaling more than \$3,200.00 dollars in donations were realized. The top fund raisers for the event included Brother Jerry Jones

(Nu Psi Chapter, 1972, Virginia State University) with nearly \$600, the 4-time consecutive "Top Dog" award going to Brother Troy Manigault (Mu Nu Chapter, 1994) with more than \$1,200.00.

Representing Mu Nu Chapter at the walk were Brother Eddie Black (Xi Psi Chapter, 1977, South Carolina State University), Bobby Jewett (Nu Beta Chapter, 1980, Marshall University), Skip Bland (Mu Nu Chapter, 1982), Greg Boykin (Mu Nu Chapter, 1987), Thomas Abernathy Jr. (Nu Nu Chapter, 1995, Willingboro, NJ), Anthony Proctor (Mu Nu Chapter, 2002) along with Brothers Jones, Manigault and Mayo.

Mu Nu Chapter was chartered May 23, 1970, in Rockville (Montgomery County), Maryland.

# Assault on Illiteracy Success: Mu Nu Chapter Celebrates GBTLA's 20<sup>th</sup> Anniversary

By: Brother Troy K. Manigault

Montgomery County, Maryland-Mu Nu Chapter celebrated the 20<sup>th</sup> anniversary of the *George B. Thomas Sr. Learning Academy, Inc.* (GBT-LA), on October 17, 2006, at the Marriott North Bethesda Hotel & Conference Center in Bethesda, Maryland. There were some 300 friends and supporters of the acclaimed assault on illiteracy program in attendance. The highly successful and accomplished program was the vision of Mu Nu Chapter's own Brother George B. Thomas Sr., PhD. Ed (Xi Psi Chapter, 1950, South Carolina State University).

Mu Nu Chapter founded a tutorial and mentoring program called the Saturday School in 1986 out of a single room at the Housing Opportunities Commission (HOC) in Olney, Maryland. It was established to help address the achievement gap that existed among African American students in the county compared to that of other county students. Through the enthusiasm and perseverance of Mu Nu Chapter Brothers as well as key support from African American leaders in the community, the Saturday School program continued to grow over the past two decades. The program's success led Mu Nu Chapter to incorporate the initiative as a non-profit organization under the GBTLA name in recognition of and high esteem for Brother Thomas' vision and dedication.

GBTLA's 20 years of service is without question a significant milestone when considering all of the predecessor and successor tutorial and mentoring programs that have tried and failed to take hold in the county with none lasted more than two years. The humble beginnings of GBTLA can be best measured in terms of its contributions to the academic and social well being of the students it served and those it continues to serve. What began in a single room of a small building in 1986 with approximately 20 volunteers and 20 students has since taken root and thrived where it now serves more than 3500 students in grades 1 through 12. Included is more than 130 area schools and centers established at 12 county high schools. GBTLA's 2005 program budget was just over \$1.5M in grant money. This has enabled parents to secure tutorial services during

the school year at an incredibly reasonable rate of just \$15 per student. Each center also has its own dedicated Center Director and staff of volunteer tutors and professionals. Many of the former GBTLA students who are now in college or who have since graduated are now bridge builders providing their own time back to GBTLA as tutors and mentors.

GBTLA's accolades are many and include recognition from the County's Board of Education and the Superintendent of Schools, the County Executive, the Governor of Maryland, and even the White House. Notable attendees at the GBTLA 20th Anniversary Gala included the Superintendent of Schools, the County Executive-elect, as well as Representative Chris Van Hollen of the U.S. House of Representatives (Maryland). The program continues to be recognized for its success in focusing on core academic subject areas with low tutor-to-student ratios and mentors that achieve results. The free program is aligned with the County's curriculum, includes all materials, and even employs certified and experienced teachers who have contributed to a 70 percent success rate for students who meet or exceed their math and reading levels upon finishing the program. Brother Thomas was quoted as saying in an October 2006 Gazette interview (Gazette. com, October 27th, by M.J. Brachfeld), "If we can plant that seed and nurture it through to fruition, then we have achieved a mighty thing for humanity." GBTLA has indeed done that over the past 20 years as it pursues the next 20.

#### National Black HIV/AIDS Awareness Day Health Fair

Lehigh Valley, Pennsylvania-On February 10, 2007, the men of Omega Xi Chapter were tested for HIV in Allentown, Pennsylvania. The Lehigh Valley Chapter chose to take a stand on this issue. Omega Xi Chapter members are reaching out to Black and Hispanic men and asking them to get tested also. Blacks and Hispanics are feeling the greatest impact of HIV and AIDS.

In conjunction with the Allentown AIDS Activities Office, Lehigh Valley Hospital, and The Caring Place, HIV testing took place at 10:00 am at The Caring Place, 931 Hamilton Boulevard in Allentown. The gathering served to encourage men young and old to live healthy lives. The HIV testing was confidential and took only 20 minutes to get the results which were shared with the person tested only. A counselor was on hand to share information on HIV, AIDS, and ways to improve one's lives. February is the month when Valentine's Day occurs. One of the greatest expressions of love is to show how much you care about your health and the health and safety of

your loved ones. We want to honor the women in our lives by showing them that we care for and respect them. Omega Xi Chapter seeks to promote happy and healthy relationships between men and women and getting tested means a great deal. The organization asks women to get tested also. Black and Latina women are at greatest risk for infection in the United States.

On the continent of Africa, the spread of AIDS has resulted in a pandemic. Additional information is available at our website: www.omegaxi. org. Omega Xi Chapter continues to invite residents of the Lehigh Valley area to get tested. Fear is the number one reason why people aren't getting tested. Don't be afraid. We will be there with you and you will be there with us. Our lives are at stake and so are the lives of our mothers, sisters, daughters, wives, girlfriends, nieces, cousins, and friends.

#### Kappa Iota Brothers Provide Needed Minority Health Care

By Brother Curtis Collier

CHATTANOOGA, TN In striving to live up to the Cardinal Principle Uplift, Brothers of Kappa Iota Chapter were instrumental in the success of the Hamilton County Minority Health Fair which was held on August 19, 2006 in Chattanooga, Tennessee at the East Gate Town Centre. Providing leadership was Kappa Iota Chapter Brother Dr. Michael Geer, He and Brother Cornell Beslin were key members of the local health care committee who were esponsible for the fair.

Too many members of the Black community do not have access to medical care or avoid seeking treatment until diseases are fully developed. The aim of the Health Fair was to reach out to the community to provide access to medical treatment for people who other wise would not seek

treatment or medical advice. Many common ordinary diseases of life can be treated if detected early.

One major such ordinary disease of life is hypertension. Brother Dr. Geer gave a well received lecture before the Health Fair on Race and Hypertension. He was able to do this the with support of a \$700.00 grant from Abbot Laboratory given in his behalf.

An indication of the great need for such an event was evident by the number of people who took advantage of the service. The Health Fair registered over 800 people this year. At least 300 blood samples were taken from participating patients. Early lab results indicate a large number of the samples showed abnormal results consistent with diabetes and elevated cholesterol. One person was diagnosed to be HIV positive along with two diagnosis of severe lung disease, and a number of cases of hypertension were detected.

Brother Geer acknowledged that screening for the health fair was successful. However; the next phase of he event will be to establish links with various groups and agencies that will be in a position to assist in managing the collected data and/or providing treatment for diseases.

This event was co-sponsored by the Ladies of Tau Epsilon Omega Chapter of Alpha Kappa Alpha Sorority and the Greater Atlanta Chapter of the Pan-Hellenic Council. The event took place at the Greenbriar Mall in Atlanta, GA. NBHAAD was established to celebrate life in commemoration of those battling the disease.

"There were over 89 Greek volunteers helping out in various capacities," stated Beverly Burks, event organizer and member of Tau Epsilon Omega Chapter of AKA. There were several health providers to display information about their programs and services along with free HIV/

AIDS testing which was provided by the National AIDS Education Services for minorities. There were two panel discussions: The State of HIV in Black America and 26 Years is Enough; It is Time for Change. There was also a youth symposium which included a display by (HOTGIRLS) Helping Teenagers Grow in Real Life Situations.

"As a council, we lived up to the purpose of the National Black HIV/AIDS Awareness Day by educating ourselves, providing free testing, showing our involvement, and offering treatment to people with the disease. Thanks again for spreading the word and not the disease!" remarked Burks.

# ETA OMEGA CHAPTER CONTINUES SUPPORT OF THE HISTORIC BUTLER STREET YMCA WITH A \$1,000.00 DONATION

By Brother Stedman S. Southall

Atlanta, GA-On Friday morning, September 15, 2006, Brother Basileus Christopher K. Norman and Brother David L. Moorer of Eta Omega Chapter presented a \$1,000.00 donation to Brother Dr. Jacob Rhodes, President of the Butler Street YMCA on behalf of Eta Omega Chapter. The donation is to be used for memberships for underprivileged youth to participate in Butler Street YMCA programs. The Chapter's donation efforts were guided by the Social Action Committee which is Chaired by Brother David L. Moorer. In recognition of the donation, Brother Dr. Jacob Rhodes presented the Chapter with a Certificate of Appreciation.

The donation was made by Eta Omega Chapter in the memory of the late Brother Ocie Irons. Brother Ocie Irons was active with the Butler Street YMCA for forty years. He was Chairman of the Board of Directors for the Butler Street YMCA and a computer room was named in his honor. Brother Irons led many of Eta Omega Chapter's annual donation drives to support the Butler Street YMCA. He was an active Chapter Brother, a highly regarded educator and was Principal of Smith High School and Harper High School in Atlanta, GA.

Eta Omega Chapter's donation continues a long tradition of association and support by the Chapter for the Butler Street YMCA. It is only natural that the Chapter should support the "Y." The "Y" has an Omega Room and the Omega Wisemen's Club meets there.

Many Chapter Brothers grew up participating in the "Y's" programs.

The Butler Street YMCA is an African American not-for profit institution that implements programs embodied in Christian ethics and civil principles that build a healthy spirit and body. The Butler Street YMCA is located in the Sweet Auburn district of downtown Atlanta, GA. The "Y's" neighborhood includes Ebenezer Baptist Church, Wheat Street Baptist Church, the Masonic Hall, the Odd Fellows Building and the Martin Luther King Historical Center.

The Butler Street YMCA is the oldest independent African American YMCA in Atlanta. GA and presently serves approximately 6,100 who range in age from three to ninety. The Butler Street YMCA was initially organized in the spring of 1894. While the "Y's" neighborhood

has experienced many changes since 1894 and is presently undergoing renovation, It has remained a constant beacon of personal growth, education and fun for Atlanta, GA's Black Community. The Butler Street YMCA provides for the strengthening of families, the healthy development of children, positive individual behavior and a healthier and safer community for all.

Brother Dr. Rhodes was born in Halls, Tennessee and has been in the YMCA movement as either a member or an administrator his whole life. He discussed with Brothers some of the "Y's" exciting projects. Brother Dr. Rhodes related that the "Y" and the Atlanta Historical Center have entered into a project to help preserve the "Y's" rich history by categorizing artifacts and identifying many of the Atlantans referenced in "Y" documents and photographic materials. Brother Dr. Rhodes also explained a project in which NAS-CAR is educating youth about the sports car racing business and offering internships.

Eta Omega Chapter is located in Southwest Atlanta, GA and is led by Basileus, Brother Christopher K. Norman and Vice Basileus, Brother Don Lee.

#### ETA OMEGA CONTINUES TO PUT BEST FOOT FORWARD IN THE FIGHT AGAINST DIABETES

By Brother Stedman S. Southall

**Atlanta, GA-**On Saturday morning September 30, 2006, Eta Omega Chapter Brothers joined hundreds of others in Atlanta's Grant Park to participate in the Walk for Diabetes sponsored by

the American Diabetes Association. Eta Omega Chapter has enjoyed a long relationship with the American Diabetes Association. The Chapter annually participates in the Association's sponsored Walks. Through the years, the Chapter has contributed over \$11,000.00 to the Association. Eta Omega Chapter recently contributed \$1,860.00. The contributions and the attention generated by the Walks assist the Association in preventing Diabetes, finding a cure for Diabetes, and improving the lives of those who suffer from the disease.

The Walk addressed the seriousness of Diabetes in a very colorful and festive atmosphere in Atlanta's historic Grant Park. The seven Chapter Brothers participating in the 3.1 mile walk boldly presented Omega's Purple and Gold among the myriad of corporate logos and organization banners. Grant Park is a cherished green space on the east side of Atlanta, GA. The Park is home to the Atlanta Zoo and Cyclorama.

Diabetes is a medical condition which allows too much sugar to remain in the bloodstream. The human body breaks down many foods into sugars which are used for energy. The sugars are carried through the body by the blood stream. If one is healthy, the body produces insulin which tells the body's cells to absorb the sugars. Diabetics cannot make any or enough insulin. The sugars that should be absorbed into the body's cells stay in the bloodstream instead.

There are generally considered to be two types of Diabetes, Type I and Type 2. Type 1 is usually diagnosed in children and adolescents. The body suddenly shuts down its insulin production. Type 2 is much more common; it develops over time and is often linked to being overweight and inactive. Type 1 accounts for 5 to 10 percent of

Diabetes cases, while Type 2 accounts for up to 95 percent of Diabetes cases. Type 2 is usually associated with people older than 45, but can also develop at earlier ages.

There is no cure for Diabetes. Those with Diabetes should check their blood sugar daily and be on proper medication. A good diet and exercise are important for those with Diabetes. Left untreated, Diabetes can damage many of the body's organs, including the eyes, kidneys, circulatory system, feet, heart and brain. More information about the disease can be found by contacting your doctor, the American Diabetes Association and other health oriented organizations.

Eta Omega Chapter's efforts for the Walk were organized by the Chapter's Social Action Committee. The Committee is Chaired by Brother David L. Moorer.

### ETA OMEGA HOSTS FIFTH ANNUAL GOLF CLASSIC

By Brother Stedman S. Southall

Atlanta, GA-On Friday, August 25, 2006, eighty-two golfers teed-off in the Fifth Annual Eta Omega Chapter Golf Classic. The Golf Classic was a fun day of golf and relaxation at the scenic Wolf Creek Golf Course in Southwest Atlanta, Georgia. The day began with gray overcast skies but the clouds departed and the sun shone through to a great Classic.

### Omega's Clarion Call

Ω

It has been said that golfers are the last of the goodtime charlies. That being said, the Classic was a rousing success. Beginning at 8:30 a.m., golfers made a shotgun start in the four-person scramble golf tournament. The golfers participating in this year's Classic were treated to golf at one of the most challenging links venues in the metropolitan Atlanta, GA area along with goodies, food, contests and prizes.

Each year the Classic attracts more golfers, more community support and more recognition. As it has grown, so has Eta Omega Chapter's confidence and competence at successfully staging such a large event. In the beginning years, Eta Omega Chapter partnered with other civic organizations such as the Roots Adoption Agency and Kenney Anderson Foundation to present the Classic. At least two years ago, Eta Omega Chapter stepped out on its own and began staging the event by itself.

A large part of Eta Omega Chapter's willingness to proceed solo in staging the Classic was the dynamic leadership provided by Brother Richard Turnley. Brother Turnley enthusiastically stepped forward and volunteered to Chair the Classic.

Eta Omega Chapter sponsored the Classic for the benefit of the Eta Omega Foundation, Inc.'s Scholarship Fund. Eta Omega Foundation, Inc. was created in 1994 to advance educational, civic and other charitable purposes. Brother William L. Appling is Chairman of Eta Omega Foundation, Inc. Since its inception, the Foundation has focused on four primary programmatic initiatives. Those initiatives include: The awarding scholarships of which \$200,000.00 have been awarded; Improving student test skills. The Foundation has assisted over 600 students by equipping them with the skills necessary to improve their performance on the SAT through the Foundation sponsored 5"P" SAT Clinic; Developing Young Leaders. The Foundation has sponsored promising high school youth to attend summer youth leadership development conferences to strengthen self-esteem and to develop leadership attributes; Reaching Out To Young Males. The Foundation has a mission to assist boys with developing and refining the knowledge, skills and attitudes necessary for success in middle school, high school and post secondary endeavors by sponsoring the Omega Manhood Leadership Institute for boys aged 8 to 15.

Eta Omega's Scholarship Committee worked hand in hand with the Foundation to support the Classic. The Scholarship Committee challenged each Eta Omega Brother to contribute to the Classic. The Scholarship Committee is chaired by Brother Wilbur T. Leaphart.

In order for some to have fun, others have to work. It took months of hard work by the Eta Omega Golf Tournament Committee to stage such a grand event. In addition to efforts by the Golf Tournament Committee Members, it also took the help of many other Chapter Brothers to make the event a success.

#### ETA OMEGA CHAPTER PARTICI-PATED IN GEORGIA STATE UNI-VERSITY BLOOD DRIVE

By Brother Stedman S. Southall

Atlanta, GA- Eta Omega Chapter participated in the blood drive held at Georgia State University (GSU) in Atlanta, Georgia on September 20, 2006. Eta Omega Chapter's participation in the blood drive was coordinated by the Social Action Committee which is chaired by Brother David L. Moorer.

The blood drive was part of the 2006 Colonial Athletic Association Blood Drive Challenge which is an annual competition between the schools in the CAA to determine which can donate the most blood. The drive was hosted by GSU and the American Red Cross. GSU's goal for the blood drive was to donate 500 units. Approximately 350 people participated in the drive. Last year GSU came in third to the University of Delaware. The University of Delaware has won the blood drive the past four years by providing more donations than anyone else.

Participating in the blood drive gave Eta Omega Chapter Brothers the opportunity to catchup on events with Zeta Theta Chapter Broth-

ers. Zeta Theta Chapter is the Undergraduate Chapter located at GSU. Eta Omega and Zeta Theta Chapters are partnered under the Graduate Undergraduate Partnership Program of Omega Psi Phi, Fraternity, Inc. Zeta Theta Chapter is led by Basileus, Brother Derrick Cooper who is also 2<sup>nd</sup> Vice State Representative for the state Georgia.

2006 Omega Showboat Docks in Colorado Springs

By Brother Lloyd Alston

Colorado Springs, CO-The Xi Pi Chapter of Colorado Springs, Colorado set sail with approximately 500 friends of the Chapter during its 4<sup>th</sup> annual Omega Showboat Talent Extravaganza on November 11<sup>th</sup>, 2006. Brothers Jim Miller and Walter Glover conceived the idea of the Chapter hosting a single annual event as its primary

fundraiser in 2002. The idea was to use the original Omega Showboat, as conducted in the 1930s, as the Xi Pi Chapter's model. True to the legacy set by the Brothers of the Epsilon Chapter in New York City in 1936, as described by Brother Herman Dreer in the "History of the Omega Psi Phi Fraternity, 1911-1939, the Brothers of Xi Pi Chapter conceived, created, planned and executed this year's Showboat for the purposes of raising money for scholarships for deserving local youth and for funding the Chapter's other community service programs.

Xi Pi Chapter Vice-Basileus, Brother Brett Britton led the Showboat committee in staging a high quality show that featured 11 acts of outstanding amateur adult talent in a variety-style competition, with the top 3 acts having been awarded \$750, \$500 and \$250. Master of Ceremonies Brother (Ph.D.) Vroman Wright maintained a lively, upbeat, humorous rapport with the audience and the artists. Instrumental or vocal acts were judged on the basis of talent, artistic presentation, stage presence, audience appeal and adherence to the prescribed time limit.

In addition to raising approximately \$10,000 for the Chapter's Uplift Foundation, Brother Britton and committee members Brothers Walter Glover, Jim Miller, Roy Griggs, Jerald Gatlin, Ernest Longs, Eric Brazell, Tony Gray, Jeff Smith and Jeff Simon enhanced the show by including a live video feed and jumbo projection system, a professional sound engineer and studio-quality audio equipment, raffles, and a modeling agency. Plan to set sail again with the Xi Pi Chapter for the 5th annual Omega Showboat on Saturday, October 28th 2007.

#### Xi Pi Brothers Lead the Way

By Brother Lloyd Alston

Colorado Springs, CO-Brothers of Xi Pi Chapter stepped forward to make donations to the local community during the Thanksgiving and Christmas holidays. The Xi Pi Chapter Uplift Foundation's donation of funds to the True Spirit Baptist Church in support of its Thanksgiving Project made it possible for the church to provide enough food for complete dinners for 4 local families. One week prior to the Christmas holiday, Brothers of Xi Pi Chapter delivered 25 of 25 angels to the Emmanuel Baptist Church which fulfilled the Christmas wish list of this group of local boys and girls, ages 5-12 years. The Angel Tree project identifies youngsters who have at least 1 incarcerated parent. They then match the child's primary gift wish with a donor and later deliver the child's gift in time for Christmas.

#### SENIORS MENTORING OMEGA IN PLANO, TEXAS!!!!

Plano, TX-The Brothers of Alpha Iota Iota Chapter adopted the residents of Forest Green Manor Seniors Center as family. Under the leadership of Chapter Basileus, Brother Norris Bishop and the Social Action Chairman, Brother Ken Burrow, the Brothers continue to work in support of mandated community service programs.

For the past 7 years, the residents have been visited monthly to share life experiences, share in a fun game of bingo, billiards, and chat with the

young men from our B2M program. Occasionally, the Brothers treat the residents with cookouts and faithfully serve Thanksgiving & Christmas luncheons.

During these events, the residents are provided with love gifts and prizes. This special mentoring relationship with the residents has allowed Brothers to establish life long friendships and the opportunity to learn from those who have blazed life's trail.

One of the residents, Mr. Robert Cooper, made this comment, "We applaud the work and dedication of the Omega men throughout the years. This organization has benefited the community and senior citizens of the retirement home. We would like to give them a big thanks for all the work and support they have done." As Brother Ken Burrow sums it up, "it's indeed a pleasure to be involved in the service of brotherhood and with the residents of Forest Green Manor Seniors Center!"

#### Houston Area Coalition Hosts Blood Drive

By Brother William A. Drumgoole, III

Houston, Texas- On June 3, 2006, the Houston Area Coalition of Chapters of Omega Psi

Phi Fraternity, Inc. participated in the nationally mandated Dr. Charles R. Drew Memorial Blood Drive. This year's blood drive was organized by Brother Glen Barber (Nu Phi Chapter '04) and was held at the Omega Nu Phi Education Center in Houston.

The Houston Area Coalition of Chapters rotates planning duties for the Charles R. Drew Blood Drive, but all of the Chapters in the area support this worthwhile endeavor just the same. A good number of Houston Area Brothers are Commit For Life Donors, meaning they give blood several times a year. The Coalition was able to establish an account to have Donations credited to the Fraternity on a continual basis. The outpouring of support was tremendous and overwhelmed the staff of the Blood Center with a backlog of people waiting for a chance to help save a life.

The event was well attended not only by Omega men from various Houston chapters, but by members of other Pan-Hellenic organizations and Houston Area residents as well. Due to the outpouring of support shown by the community, the Houston Coalition was able to exceed its projected goal of 25 units of blood by collecting close to 50 units in a six hour window.

This annual event enables the Houston Area Coalition of Chapters to aid in saving lives as well bringing awareness to the work of Brother Dr. Charles R. Drew.

#### Nu Phi Chapter Annual Astros Baseball Game Outing

By Brother Bernard R. Clayton, Jr.

Houston, TX-Nu Phi Chapter, the 2006 Ninth District Social Action Chapter of the Year is not resting on its laurels. For the last 12 years the Chapter has taken kids in its mentorship program to at least one Houston Astros Baseball game. The mentees, usually young men from the neighboring Cuney Homes Project, have looked forward to this summer treat every year. Ms. Sheffield, the Activity Coordinator at the Cuney Homes Project, uses the game as a motivator to get kids to behave during the summer months. Ralph Cooper of KCOH (Houston Radio Station) was instrumental in securing the tickets. The Brothers commandeered an entire section above the dugout. Cricket Communications, through Brother-Mark Richards, helped underwrite the event.

After a Chili and Cheese Hot Dog Lunch, the kids boarded a bus provided by Commissioner El Franco Lee, and headed to the stadium. The kids enjoyed the game as it was the first live professional sports contest many of them had attended. The kids were debriefed at the Frat House with frozen popsicles. This activity closes out the summer for many of the kids in Nu Phi Chapter's mentoring program. Nu Phi Chapter has also hosted Boy Scouts and other youth groups throughout the years.

#### **Hurricane Katrina Relief Efforts**

By Brother Sedric D. Myers

Houston, TX-The lives of thousands were shattered by Hurricane Katrina. Many of those people found shelter in Houston, Texas at the Astrodome and the George R. Brown Convention Center. After the hurricane, the Brothers of the Houston Coalition of Chapters joined the Red Cross in uplifting our people. The Coalition encompasses 10 Chapters in the Greater Houston area (Nu Phi, Theta Chi, Rho Nu, Rho Xi, Rho Beta Beta, Tau Epsilon, Rho Theta, Omega Theta, Eta Mu, Nu Delta Delta) who mobilized quickly and under the disaster relief coordinator, Brother Sedric Myers (Nu Phi Chapter). Brothers provided temporary housing, donated clothes, prepared meals, and provided financial aid, career counseling services, legal services, and many prayers for the victims and Brothers of Omega who were affected by Hurricane Katrina. Many Brothers in the Houston area opened their homes to family and loved ones that were in the New Orleans, LA area. Some Brothers in the Houston, TX area were known to have hosted upwards of 25-30 family members at their homes.

The nations' cry was heard and the Houston Area Coalition of Chapters stepped up. The International Headquarters expeditiously approved funding to be used to help Brothers that may have been in need of assistance. Brother Nelson Anthony, Coalition President, hosted Brother George

Smith, International Social Action Chairman, after he arrived in Houston, TX. His visit was on behalf of the Grand Basileus to make sure Omega was doing what it could to help. The Mighty Ninth District, under the leadership of Brother Todd Clemons, followed suit and established an assistance program for Brothers from the affected areas. The Brothers of the Second District (Mu Gamma Gamma Chapter) sent several packages of items and financial contributions that were distributed to victims of Katrina.

There were hundreds of Brothers from several chapters in the New Orleans, LA area affected in the wake of Katrina. Many of those Brothers found open arms extended from their fraternal family in Houston, TX. A great number of those Brothers decided to eventually make Houston, TX their new home. Many have already joined chapters in the area.

While the storm waters have subsided and New Orleans, LA is starting to rebuild we should be mindful that many people lost everything. Many of our Fraternity Brothers were among them. They are still looking for long term employment and furnishings for newly acquired homes. Brother Paul Stephens (Theta Chi Chapter) has set up the Frat House in Houston, TX for distribution of FEMA aide. Let us continue to Lift as we Climb and live by our Fraternity's four cardinal principles- Manhood, Scholarship, Perseverance and Uplift.

## Fraternity Initiates "Project Uplift" Program

Minden, LA-The Minden Gamma Omicron Chapter of Omega Psi Phi Fraternity has initiated a new program called Project Uplift. It was formed to help out the widows of former members of the Chapter. The Chapter has chosen to help the ladies by mowing their yards which is a task that some of the widows are unable to do. According to Brother Pete Grigsby, the Vice-Basileus of the Gamma Omicron Chapter, this is one way the Chapter can express its appreciation to its deceased Brothers. Gamma Omicron Chapter members cut at least one widow's yard every Saturday during the summer months.

#### **Honorable Projects**

By Brother Shawn Ferdinand

Arlington, TX-November is always a time of giving for the Brothers of OGG. At the October 2006 meeting a motion was made and carried to do something really special for those who survived hurricane Katrina and remain in the Dallas / Fort Worth Metroplex. Brothers distributed turkeys, food, and Wal-Mart gift certificates to fifteen families affected by the storm. The families were elated and often boasted that the Omegas were among the few still helping.

OGG did not stop there. Another ten baskets and financial assistance was given to a local church who carried out the rest of the mission. It was a proud day to represent Omega bearing precious gifts to those who are most needy and appreciative. A heart felt thanks goes out to the Brothers of Omicron Gamma Gamma Chapter for having the compassion and fortitude to execute precisely such an endeavor. It's an honor to be a part of a fraternity and a chapter with such dept.

#### **Thanksgiving Food Drive**

Wisconsin-On Madison, Tuesday, November 21, 2006 Gamma Gamma Gamma Chapter sponsored its Annual Thanksgiving Food Drive at the Mt. Zion Baptist Church in South Madison. Food baskets containing turkeys and non-perishable goods were also made available to Second Baptist Church. Brothers of Gamma Gamma Chapter made themselves available to deliver baskets to individuals with handicapping conditions. Gamma Gamma Chapter has sponsored the food drive for 10 years now and has made a real difference in the lives of less fortunate families and individuals. American Family Insurance has been a major sponsor of this event since 1996.

This year, Gamma Gamma Gamma Chapter was able to serve over 145 families and individuals with Turkey Baskets. In addition, 150 homeless individuals were fed through Gamma Gamma Gamma Chapter's efforts during the homeless ministry's Thanksgiving Dinner held at Mt. Zion Baptist Church.

Dixon also tapped Mary Pat Fannon from *Baltimore Main Streets* to serve as deputy director of Government Relations. Finally, Mayor-designee Dixon announced that Edward J. Gallagher, the City's Director of Finance for the past two years, would remain with her new Administration.

"These appointments reflect the energy and optimism that people have for Baltimore right now," said Mayor-designee Dixon. Like Ed Gallagher, Chris, Brother Demaune and Mary Pat could easily do well in the private sector. "But I think it says something about their commitment and passion for their city that they each chose to join me in keeping Baltimore moving forward," said Mayor-designee Dixon.

While working with the American Public Transportation Association based in Washington, DC, Brother Millard was made a Special Assistant in the Glendening Administration in 2002. Transit Initiative. He also staffed the workgroup charged with the reauthorization of the Minority Business Enterprise (MBE) program resulting in legislation that increased Maryland's MBE participation goals from 14% to 25%.

"Having spent the past 10 years working on both the state and federal levels, both in Annapolis and Washington, Brother Millard brings a special combination of established relationships and first-hand experience that should prove valuable as the City strengthens its partnerships with the State and the federal government," commented Dixon.

#### Grand Basileus Warren G. Lee Visits Mu Omega

By Brother Andre Bright

Philadelphia, PA- It is truly a rare occasion to have the Grand Basileus to visit and speak to a local Chapter. That occasion occurred when Brother Warren G. Lee visited Mu Omega Chapter on November, 9 2006. The visit served as an opportunity to announce that the City of Philadelphia will serve as the location for Omega's Leadership Conference in July of 2007. In addition, Mu Omega Chapter will serve as the host Chapter.

During his speech Brother Lee announced several initiatives being implemented in Philadelphia, PA. One of those is an initiative entitled the Next Generation of Leaders.

The goal of the Next Generation Program, which is being spearheaded by Mu Omega Brother and former Grand Keeper of Records & Seal, Terrel Parris, is to help develop young African-American males into men of character who will

have a positive impact on our society. "In our communities today, many of our young men do not have a standard of excellence to follow, or have aspirations of greatness." said Brother Lee.

The vision of the Grand Basileus is to couple the Next Generation of Leaders Program with the efforts of the Omega Development Corporation, a program aimed at rebuilding homes within large areas to help foster economic development and growth within those areas.

"By bringing these two programs together in Philadelphia, we're able to build better communities, and in turn, help build better men."," continued Brother Lee. Although it is still in the planning stages, the 2007 Leadership Conference will be held the weekend of Friday, July 13th through Sunday, July 15th, 2007. "Mu Omega Chapter is honored to serve as host of Omega's International Leadership Conference," said Mu Omega Basileus, Brother Alan W. Junius. "We look forward to welcoming our Brothers from across the country to Philadelphia." "It is my goal, and that of Mu Omega Chapter, to make this one of the best Leadership Conferences ever," continued Brother Junius.

### Fraternity and Friendship on Menu for Philly Ques

By Brother Andre Bright

Philadelphia, PA--"Behold, how good and how pleasant it is for brethren to dwell together in unity..." Psalms 133. What began as a get together to kick off the Memorial Day weekend four years ago has grown into a weekly mainstay for Philadelphia, PA area Brothers of Omega Psi Phi Fraternity, Inc. Every Friday at 12:30 pm, Brothers of Omega gather on the second level of Liberty Place's food court to meet for lunch, laughs and some fraternal bonding.

"This began as a way to get the Brothers who worked in Center City together and talk about life

and the Fraternity," said Brother Jesse Reason, the newly elected 1st Vice Basileus of Mu Omega Chapter. "We had a lot of fun and the response to it was good. The Brothers said they wanted to do it again the following week and it's been going strong ever since," continued Brother Reason. Starting out with a handful of Brothers, word spread and a network of about fifteen Brothers routinely gather for the weekly luncheons.

Not only do the luncheons provide a chance for local Brothers to get together for a few laughs, it also provides an opportunity for visiting Brothers to meet and socialize with the Philly Ques. "We've had a number of Brothers who were in town on business or visiting their families stop through and spend some time with us," said Brother Steve Oakman, who was recently elected 2nd Vice Basileus of Mu Omega Chapter.

In addition, Brothers who have been inactive with Omega have used the Friday lunch as a means of reconnecting with their Brothers and that has become a springboard for Reclamation. "When you look at the numbers of reclaimed Brothers that Mu Omega Chapter has had over the last year or two," said Brother Jason DeMarco, Mu Omega Chapter's Keeper of Records and Seal. "You can see the effect of the Brothers getting together every week for lunch and talking about the Fraternity and the activities that Mu Omega Chapter is doing," he continued.

# Bro. Alan W. Junius Assumes Helm of Mu Omega Chapter By Brother Andre Bright

**PHILADELPHIA, PA--**On Thursday, October 12, 2006, Brother Alan W. Junius was formally introduced as Basileus of Mu Omega Chapter.

Brother Junius' ascension to Mu Omega Chapter's top elected post began in 1997 when he was elected Assistant Keeper of Records and Seal. In 1998, he was elected Keeper of Records and Seal and served until 2002 when he was elected Second Vice Basileus. He served under then Basileus, Brother William "Bucky" Dent and First Baslieus, Brother William Smith. His leadership skills were further developed when Brother Junius was elected First Vice Baslieus under Brother William Smith in 2004. The iob of running Mu Omega, a chapter that is steeped in historical significance to Omega Psi Phi, can be a very daunting task. "Brotherhood is the motivating factor that draws us together in unity. Without it, we're just a group of individuals who met out of accident or convenience," said Brother Junius

In addition to his commitment to the Brotherhood, Brother Junius intends to focus his administration on developing Brothers for leadership positions. "My administration will focus our resources on coaching, directing and training brothers who wish to excel (in) positions of responsibility not only on the Chapter level, but at the District and International level as well." Brother Junius will also focus on helping to provide that extra push to Brothers as they explore and develop their leadership skills both personally and professionally.

Why leadership, and why is it is so vital? "Brother Benjamin E. Mays once said about leadership, and I'm paraphrasing, that if you're leading and no one is following, then you're just out for a walk. I'm not here for a walk," said Brother Junius.

The efforts to promote community involvement will also remain high on Mu Omega Chapter's agenda. Due to the increase in violence in Philadelphia's neighbourhoods, Brother Junius looks to partner with grass roots organizations to assist in getting out the message that collectively, we as a society, must help to put an end to the violence that plagues our city.

Brother Junius concluded his comments by issuing a challenge to the Brothers of Mu Omega Chapter.

"My challenge to the Brothers of Mu Omega Chapter is to stand up. When a cause is presented that affects you or the people you know, stand up. When it comes time for Mu Omega Chapter to take a stand with the community, stand up. When a Brother, or his family, needs our support, stand up. When an injustice has occurred, stand up. When gun violence has become a part of your neighbourhood, stand up," said Brother Junius.

"My Brothers, as a group of professional intellectuals, advocates of higher education, morally conscious individuals, fathers, brothers and sons, we must always stand up for what is right or else we risk putting, as Sly Stone once said, 'a permanent crease in your right and wrong," continued Brother Junius.

community and he has been instrumental in fostering the growth of minority businesses and entrepreneurs.

Also, Brother Richmond has been instrumental in fostering a better understanding of race relations and creating an environment of change committed to eliminating racial inequities, and to instilling a message of hope in those he and the League have touched.

When asked what the award meant to him, Brother Richmond stated, "it means a lot to me because of the work of Dr. King. Dr. King, Jr. He helped us understand what humanity is all about. Dr. King taught us to do unto others as we would have them do unto us. "His mission was to better serve our community and that is what the Urban League has stood for in this community over the years," said Brother Richmond. He closed the interviews by calling on all residents and citizens to use Martin Luther King Day as a day to serve people and humanity. "Keep the dream alive by reaching back to help others," Brother Richmond concluded.

#### Theta Beta Omega Week

By Daryl Eugene Grayer, Jr.

Nashville, TN – September 17-23, 2006 was the annual week of Terrible Theta Beta Chapter. Since our inception on the Vanderbilt campus March 1, 1971 as the first black Greek letter organization at Vanderbilt, we have hosted a week of events to benefit Vanderbilt and the Nashville, TN area in numerous capacities. The title of 2006's event was, "It's a Ques World." It displayed to the community just how hard, through perseverance, a chapter with two members can and will work to serve. Our four cardinal principles, Manhood, Scholarship, Perseverance, and Uplift are the ideals in which we strive to serve both Vanderbilt and the Nashville, TN area.

Events such as the Symposium, The Achievement Gap, and Aids Awareness served to touch the Vanderbilt community as we uplifted minds on

social and health issues that affect the African-American community. Other events such as the BBQ, 3 on 3 Tournament, Que-sino and party were a chance for our Chapter to build bridges within the Vanderbilt community by giving students the opportunity to socialize with the men of Theta Beta Chapter. In addition, we wanted to create different opportunities for students to step outside their comfort zone and interact with an array of students.

We would like to thank the Vanderbilt faculty and staff that supported our week. We would like to thank the three Greek councils for their presence and hands on involvement with our week. Please continue to support our hard works as we further our involvement in the Vanderbilt community and excel with gratitude.

#### Omega Days at the Louisiana State Capitol Building

By Brother Roger Watkins

Baton Rouge, LA-The 2<sup>nd</sup> Annual Omega Days was spearheaded by the efforts of Brothers Ernest Baylor, Louisiana State Representative of Shreveport, LA and Roy Quezaire, Louisiana State Representative of Donaldsonville, LA. Brother Roger Watkins, 9th District Political Action Chair, was the first to arrive at the Capitol on May 18th. The morning started with over 40 Brothers having breakfast in the Eleanor Room. During breakfast, Brothers Ernest Baylor and Roy Quezaire followed by Brother Todd Clemons, 9th District Representative, addressed the assembled Brothers. They all spoke to the significance of the day and event. Our own Brother Godfrey White, Executive Director in the Office of the Governor's Office of Elderly Affairs, addressed the Brothers with encouraging and challenging remarks about the role of strong African-American men leading the way in the political process leading to

economic empowerment.

Brother Roger Watkins presented his vision for getting Omega involved in the political process on a consistent basis through networking and political action leads. This would be an effort to keep Brothers aware of the bills and activities of our legislative bodies and scheduled political events. Brother Quezaire presented one such piece of information; a State Representative position is about to become open in a majority African-American district and no African-American candidates had been identified. Furthermore, Brother Watkins addressed Omega 's responsibility to provide a voice and operate as gatekeepers for African-American communities experiencing economic disenfranchisement.

Omega Days proceeded to the legislative committee meetings which were followed by lunch in the Lt. Governors reception hall. During lunch, representatives from the Governor's office greeted the Brothers and Brothers involved in the political arena presented more information on economic opportunities within the government contracting process. Following lunch, Brothers were acknowledged in the House and Senate with a Resolution commemorating the Omega Day at the Capitol. For Brothers who were able to attend, Lambda Alpha Chapter hosted a reception at the Fraternity House for fellowship and reflection on the day.

Omega Days at the Capitol was an unprecedented event which should not be underestimated. Congratulations and thanks to all the Brothers in attendance. Men of Omega are making a difference in the lives of Black people in the 9th District and in particular, the state of Louisiana. Let us continue making a difference and recognizing the power Omega possesses through committed and conscientious men.

#### Brother West Honored As Texas Governor For A Day

By Brother Derrick DeBurr

**Austin, TX-**Continuing a 50-year Senate tradition, President Pro Tempore, Royce West of Dallas, TX was sworn in as Governor for a Day. The Texas Constitution states that whenever the Governor and Lt. Governor are out of the state at the same time or are otherwise unable to serve in their official capacity, the President Pro Tem

assumes the duties of the Governor. By custom, once during each President Pro Tem's tenure, both top officials leave the state to allow a day where the Senator is honored for his or her services to the state and his or her District.

Brother West was elected to represent his Dallas District in 1992. He has had a distinguished Senate career, being named to Texas Monthly's Top Ten Legislators list once and twice receiving an Honorable mention. He chairs the Senate Intergovernmental Relations Committee and sits on the Finance, Education, Health and Human Services, and Jurisprudence committees. He is a noted champion of the state's top ten percent rule, which guarantees admission to a state school for high school seniors graduating in the top ten percent of their class. West also recently brought the University of North Texas at Dallas to his District with the expectation of increasing educational opportunities for Texas residents. He has been instrumental in reforms to the Education code, Welfare and Tort laws as well as being the principle author of the Texas Juvenile Justice Code.

Governor West began the day with a parade down Austin's Congress Avenue, which started at the historic Congress Avenue Bridge, and ended at the State Capitol. West was then honored with a ceremony in the Senate Chamber where he was praised by his Senate and House colleagues.

"Royce West is a man who uses his commanding presence in the Texas Senate to pass legislation that is helpful and to kill legislation that harmful," said Senator Judith Zaffirini of Laredo. "We know so well that he fights day and night to do what is right and to make wrong things right and that is the hallmark of the character of this man with high integrity, high honesty, the highest ethics, Governor Royce West," Senator Zaffirini commented.

While this occasion was largely ceremonial, Governor West used the opportunity of his inaugural address to bring attention to the issues of criminal justice, education, poverty and access to health care. He pointed out that the state, which is predicted to have a multiple billion dollar surplus next biennium, should put that money where it is needed most. This would be in better education, better drug and crime prevention programs, and increased health coverage, especially for children. He ended his speech with a ceremonial proclamation aimed at energizing the Legislature to concentrate on these issues. "Therefore let it be proclaimed that I Royce West, Governor of the State of Texas do order that it should be the number one priority of the State of Texas to prepare the next generation of Texans, our future leaders and the future of our state, by improving access to quality health care, to a quality education, and the quality of life that comes from enhanced economic opportunity," he said.

Following the ceremony, guests were invited to the Capitol Grounds for food and entertainment. Governor Brother West was joined at the ceremony by his wife Carol and his seven children. Brother West is a partner in the law firm of West & Associates, an active member in Theta Alpha Chapter and Deacon in the Good Street Baptist Church of Dallas, TX.

#### **Epsilon Rho Chapter**

Minneapolis, MN-The Brothers of Epsilon Rho Chapter have had a busy fall with their campaign to reactivate Xi Chapter at the University of Minnesota. After more than 25 years of low enrollment, the current undergraduate membership is finally healthy enough to push for reactivation. Epsilon Rho Chapter held several events this fall promoting the Brotherhood in hopes of reactivating the Fraternity's 14th Chapter.

The Brothers started off the semester with "Ques Move You In," whereby Epsilon Rho partnered with a university-sponsored event aimed at helping freshmen students move into their residence hall rooms. Brothers volunteered four hours to help first-year students move their personal belongings into their new homes. Dressed in Fraternity shirts and gold boots, the Brothers received numerous compliments from the program directors and they were invited back to help with the program next year.

During the first week of classes, the Epsilon Rho Step Team performed at Freshman Convocation, an event facilitated by the university to introduce new students to campus life. The enthusiastic show won the attention of the estimated 250-person crowd.

Omega Psi Phi Fraternity, Inc. continued to show

a positive face on campus by hosting a Back-to-School Welcome Breakfast, co-sponsored by the Black Student Union. The Omega Psi Phi Fraternity, Inc. banner was widely visible at the event and Brothers served food and took their time to talk about Omega with the guests. Krispy Kreme donuts were served along with pancakes, turkey sausages, scrambled eggs, juice, and hash browns. The event was an opportunity for Epsilon Rho Chapter to join together and serve the community, attract a few good men, raise awareness of the Chapter in the student population, and promote its next event: the Backto-School Barbeque.

The Back to School Barbeque was a great success for the Chapter. About three to four hundred people waited in line to enjoy delicious Omega Bar-B-Que chicken. Epsilon Rho Chapter decided to collaborate with UPS for this event to reduce production costs. This proved to be a sound decision as UPS provided Epsilon Rho Chapter with a tent and cotton candy machine which cranked out purple cotton candy!

Each year, organizations at the University of Minnesota are able to paint up to three panels of a skywalk bridge. In their quest to immortalize Omega's presence on campus, Brothers painted panels on the bridge. The three-paneled Fraternity-based design went up next to other Black Greek Fraternities and Sororities and displayed Xi Chapter's presence at the University of Minnesota since 1921. Brothers also showed their presence by participating in the Student Activities Fair. With all these events complete and under the direction of district representative, Xi Chapter hopes to be active by the close of this academic year.

# Tau Nu Chapter of Fort Wayne, Indiana, Celebrates Brother Coleridge L. Brewer's 60 Years of Service

By Harvey Hinton III, Dave Thomas

William A. Dromgoole's famous poem "Bridge Builder" has inspired many sons of Omega to remember our duty one to another as well as to our community at large. The poem speaks of a traveler whose destination is never mentioned, but is remembered for his unselfish efforts to build a bridge for an unknown follower to cross. The Brothers of the Tau Nu Chapter of Omega Psi Phi Fraternity Inc., in Fort Wayne, Indiana, have had the privilege and honor to marvel a man whose life exemplifies this poem's message, Brother Coleridge L. Brewer. He was born on July 9, 1916, in Dyersburg, Tennessee and was the fourth of five children. Brother Brewer was raised by his older siblings and extended family as the result of early loss of his parents.

He was initiated into "Bloody Rho Psi" Chapter at Tennessee State University in 1945. Brother Brewer's perseverance and continued efforts to lift others while climbing has endured for 60 years. Bro. Brewer was an inspiration to all. Highlights from his life include:

- US Army Veteran
- Member of the 1945 undefeated Tennessee State University Football Team
- President of the Lampodas' Club (Rho Psi)
- Dean of Pledges (Rho Psi)
- History teacher (Charleston, Missouri)

- Insurance Salesman (Gary, Indiana)
- ❖ Civil Engineer (Indiana State Highway Commission & the City of Ft. Wayne)
- ❖ Founding member the Tau Nu Graduate chapter
- Business owner (Ft. Wayne, Indiana)
- ❖ Completed Civil engineering courses at Purdue University in the 1960's.
- Commissioner and Board Member of the Ft. Wayne Metro Youth Football League
- Inductee into the Ft. Wayne African-American Museum Hall of Fame
- Namesake of the Tau Nu chapter scholarship

In the true Omega spirit, Bro. Brewer made sure to bridges were built for those who would travel behind him as he fought through Jim Crowism and the lingering injustices of racism that permeated his childhood.

Brother Brewer's life was a testimony of perseverance. He reminded us to "remember to look for the good in people and to let the other stuff go." When asked about his most memorable fraternity experiences, Brother Brewer talked about the kinships and bonds he shared with the friends acquired while seeking Omega. He also kept in contact with his line brother and dear friend, Marvin Smithson of Chicago.

We call him the "King Maker," the "God Father" and he was truly a "Bridge Builder."

#### Brother Darrin K. Wynn Omega Chapter

Born in Baltimore, Maryland on August 29th, 1965, Brother Darrin Keith Wynn began his life of service as an Omega Man on April 24th, 1986. Following a brief absence, Chi Delta Chapter returned to University of Maryland College Park campus with

Brother Wynn as the eighth on his line of, "The 8 Sons of Geronimo." The period of absence and return is often referred to as the break between Old Chi "D" Chapter and the New Chi "D Chapter." He was also known as "Thick Dog" and was easily one of the most recognized figures of the New Chi "D" Chapter. He had a willingness to step up and do whatever was needed. His leadership and enthusiasm for Omega had an immediate impact on the Chapter and the University of Maryland community. His efforts in planning and fundraising helped Chi Delta Chapter to sponsor events that served to stimulate the campus from both a community service and social perspective.

During his time on campus, Brother Wynn was involved with the R.O.P.E.S program, which in 1986, was a program organized to retain minority students at Maryland. He was also an active member of the University's Pan-Hellenic Council, representing Omega among the other Greek letter organizations on campus. Because he was such a visible and hard working Omega Man, he was chosen by Black Entertainment Television (BET) to represent Omega Psi Phi Fraternity Inc. on a nationally televised group forum, discussing Black Greek letter organizations.

"Thick Dog" was an avid stepper who performed in multiple step shows at the University's Cole Field House. Although the University shows were planned and organized, "Thick" rarely resisted the opportunity to "set out a hop". His display of love for Omega was deep and he frequently provided UPLIFT to the Brotherhood as well as the campus community.

In an official capacity, Brother Wynn served on Chi Delta Chapter's Membership Committee, acting as the Assistant Dean of Pledges for the spring of 1987. He also served as the Chapter's Sergeant at Arms.

Upon returning to Baltimore, Brother Wynn chose to work and fellowship with the Pi Omega Chapter. His work included service on Pi Omega's Social Action Committee, serving as a mentor for the Principle Achievers Program. This mentoring and tutoring program sought to provide an outlet and guidance to school aged youths in city of Baltimore and those Baltimore County. Darrin felt very strongly about affecting the lives of the young men in his community. He wanted to make a difference. It was obvious that he was able to do so with these young men who often sought his counsel to overcome both everyday and sometimes more difficult situations.

Most recently, Brother Wynn chose to serve Omega by meeting and educating new Brothers. Providing information, guidance, and leading by example has helped many Omega men in upholding the four Cardinal Principles of Manhood, Scholarship, Perseverance, and Uplift.

#### 2007 Omega Psi Phi Leadership Conference

Thank you for your interest in the 2007 Omega Psi Phi Leadership Conference. This year's conference will be held Friday & Saturday, July 13<sup>th</sup> & 14<sup>th</sup> in Philadelphia Pennsylvania. The theme this year is: "Everything Rises and Falls on Leadership, Leadership Today, Tomorrow and Forever".

In conjunction with this year's conference, there will be activities beginning on Thursday July 12<sup>th</sup>, with a Job Fair from 11:00AM to 6:00PM, a golf tournament from 1:00PM to 6:30PM and opportunities to visit the city and the King "Tut" exhibit.

On Friday, we begin our conference with a breakfast recognizing the men that have been members for 60 plus years. Following the breakfast, we move into our medical health symposium that will be moderated by the Fraternity's Surgeon General, Dr. Charles Christopher. Members of the panel will be well known medical professionals from the local area.

The break out sessions, following the health symposium, will cover ways to achieve leadership roles in the workplace by career planning, effective resume writing, and image consulting, and address critical issues impacting African American males. Later that evening, those attending can sit back and relax and enjoy the Friday night entertainment.

On Saturday, we will start by honoring the men who have been members for 50 years at breakfast. The following workshops will cover leadership and teamwork and business leadership via franchising opportunities.

The invited luncheon speakers for both Friday and Saturday include a Governor and Mayor, an Admiral, an Attorney General and an astronaut.

The Omega Psi Phi Fraternity, Inc. and Mu Omega Chapter are proud to host this year's Leadership Conference in Philadelphia.

Sincerely,

Alan W. Junius, Basileus Mu Omega Chapter, Philadelphia, PA
